Sharing Wisdom

~Chat Session~

Dear Ladies,

We've been immersed in the world of art in The Gilded Age for the month of September and going forward, we'll continue our study of the era.

But, I found a charming and informative documentary which inspires conversation on several levels, and touches on points that came up with our two previous topics.

One of these is THE ROLE OF WOMEN IN ART and how we have or have not been represented. Another, LATER IN LIFE PASSIONS, interests that came into the picture after the career and/or child rearing years were over. Yet another, THE SIGNIFICANCE OF COMMUNITY, especially for women. And, very importantly, THE THERAPEUTIC VALUE OF ART IN OUR LIVES.

So we'll take a breather from history and have a present day chat session. In the past, the exchange of thoughts and ideas and the relating of experiences in these sessions have been

bonding and inspiring. All of this contributes to our aim of *Sharing Wisdom* and creating a strong community of women in our WOMEN'S FORUM.

For the links to the videos and to join in our programs please contact us at womensforumusa@gmail.com. Your address will then be added to our email distribution list for detailed announcements of all events.

Best always,

Evelyn
