## SWEET SEPTEMBER

Dear Ladies,

We'll be starting our new season with a true "Lion of Literature - CS Lewis - who will lead us into year six of Women's Forum!

A brilliant man full of complexities and contradictions, he stands among the great writers whose range of stories reach and enrich readers of all ages.

At *Afternoon Tea* on Thursday September 8, at 1pm. we'll view a documentary of the life of this fascinating man.

At the *WF Luncheon* on Thursday September 22 at noon, we'll screen SHADOWLANDS, an exquisite dramatization of Lewis's later years when Joy Davidman enters his life. It is brilliantly cast with Anthony Hopkins as Lewis and Debra Winger as Joy. Set in Oxford and the surrounding English countryside,

the beauty of story and place coming to us in late September seems like an apt intro into our always magnificent Northeast Autumn.

Starting in September the cost of admission for library events will be - Luncheon 20, Tea 10.
