"FASTEN YOUR SEATBELTS

IT'S GOING TO BE A BUMPY NIGHT"

Dear Ladies,

As if she hadn't already made her mark as one of Hollywood's foremost leading ladies, when her career was beginning to "lag" (as happens) Bette Davis took on a role with a scripted line that would immortalize her in the the character of Margo Channing and revitalize her stunning career. Quite simply *there is no other Margo Channing*. Bette's range of characterizations - from vixen to victim, to royalty, to murderess, Southern Belle, siren, and even some comedic roles - were remarkable.

Glamorous beyond words, filmed in stark black and white (way too sophisticated for color) ALL ABOUT EVE is a 1950 American drama written and directed by Joseph L. Mankiewicz. It is based on Mary Orr's 1946 short story, "The Wisdom of Eve". Expect Fireworks!!

It is July, after all!!!

Luncheon event, Thursday July 25 at noon. Admission 20.

A little aside:

For me, one of the sweetest benefits of Summer in my corner of the world is how our little town of Clinton, NJ comes to life on the weekends. On Friday nights there is live music all over town (not only one band, but tucked all over Main Street, on the sidewalk, in an alley way, on a porch, on the Art Museum patio, with Rock at one spot, Folk at another, some moody and sensuous Bossanova, a soloist with a guitar, a full band on the Museum patio, all free!).

Saturdays and Sundays are filled with shopping, events at our Red Mill and Art Museums with activities for all. Our restaurants and coffee shops and ice creameries have outdoor seating and people and dog watching (the pooches eat up the attention!) are all part of the fun.

If it sounds like I am in love with our little town, I am. And since "loving" is sharing, I hope to run into

you sometime this Summer - "Downtown"!

Enjoy the Summer!!

As always,
